Call for Abstracts

Abstract submission will open January 1, 2020 and close ~~April 1~~ June 1, 2020.

Symposium #35

Novel Applications of Magnetic Field and Magnetic Material Related Techniques in Analytical Sciences

Date: December 19, 2010.

Venue: Waikiki Beach Marriott Resort & Spa.

Topics

- Magnetic nanoparticles and microbeads
- Magnetophoresis, magnetic tweezer and electromagnetophoresis
- Electrochemical systems interfaced with magnetohydrodynamics and magnetic nanomaterials
- Magnetic bio-analysis and Immunological application
- Magnetic lab-on-a-chip, magnetic solid phase extraction and magnetic separation
- Magnetic ionic liquids, magnetic graphene and graphene oxide, and magnetic molecularly imprinted polymers
- Magneto-optical effects, NV center and magnetic imaging
- Other applications of magnetic field and magneto-science studies

Organizers

Hitoshi Watarai (Osaka University) watarai@chem.sci.osaka-u.ac.jp

Ingrid Fritsch (University of Arkansas) ifritsch@uark.edu

C. Bor Fuh (National Chi Nan University) cbfuh@ncnu.edu.tw
